

East Hertfordshire District Council**Personal Details:****Organisation Name:****Comment text:**

I live in Aston village and understand that its East Herts ward name (currently titled Datchworth and Aston) may be changed to Walkern and Datchworth. Aston and Bennington will no longer be named. This is undesirable mainly because in losing the Aston name it will be all too easy for further expansion of Stevenage to swallow the village and its identity. Already Green Belt land is being built on - 600+ units just north of Aston - and it is only a few fields away from Aston village. I request that the Aston name be retained in the renaming of the ward.
