

East Hertfordshire District Council

Personal Details:

Organisation Name:

Comment text:

I have never in 17 yrs as a resident met, engaged or known my elected councillor nor have I as a resident had any interactions with Bayford Parish council as members of the public are not welcomed to have engagement we're normally told what may or may not happen in the village. Bayford, Brickendon and Little Berkhamsted represent rural living and should really have their own ward. We have very poor choices when it comes to elections and always end up with a conservative councillor who doesn't reside in Bayford. It's sad that the wards need to be extended and controlled by one councillor where according to Herts Rural boundaries will eventually seep into Welwyn and Hatfield which will lose the Hertford Rural identity.
