

## Tunbridge Wells Borough Council

### Personal Details:

**Name:** Alain Lewis

**E-mail:** [REDACTED]

**Postcode:** [REDACTED]

**Organisation Name:** Southborough and High Brooms Labour Party Branch

### Comment text:

I'm commenting on behalf of Southborough and High Brooms Branch Labour Party. As such I'm only commenting on wards that fall within the boundaries of Southborough Town Council, which is the largest parished area in Tunbridge Wells. We therefore believe that the natural borders of Southborough and High Brooms should be maintained as far as possible. We recognise though to facilitate the change needed; the southern border of the Southborough and High Brooms ward could be moved south to Pennington Road and Holden Road. This will enable the ward to maintain its mainly urban profile. We believe that this would raise the projected number of electors from 5700 to 7200, with the addition of 1400 from the north ward. The area around Southborough Common could be amalgamated with the settlements and wards around Speldhurst, Langton Green and Bidborough, making a ward of around 7000 electors.
