Comment text:

I am the Chair of Little Munden Parish Council and I feel the smaller Hamlets and Class 2, 3 villages will not be taken into consideration if we are merged with a larger town or encompassed into a wider ward. We find it increasingly difficult to get the correct timely response from various Council departments already by merging us into a bigger ward or with a larger town we will be diluted even more. As with the Rural Police Unit they have to cover such a large area it is an impossibility to Police to the correct standard. By amalgamating us will have the same detrimental affect.
