Periodic Electoral Review - Brentwood BC 2022

Dear Sir,

I enclose my calculations for a 39 seat (3 member ward) council.

Due to tolerance levels being exceeded I have split Polling districts AC & St Charles and FA & St Martin's.

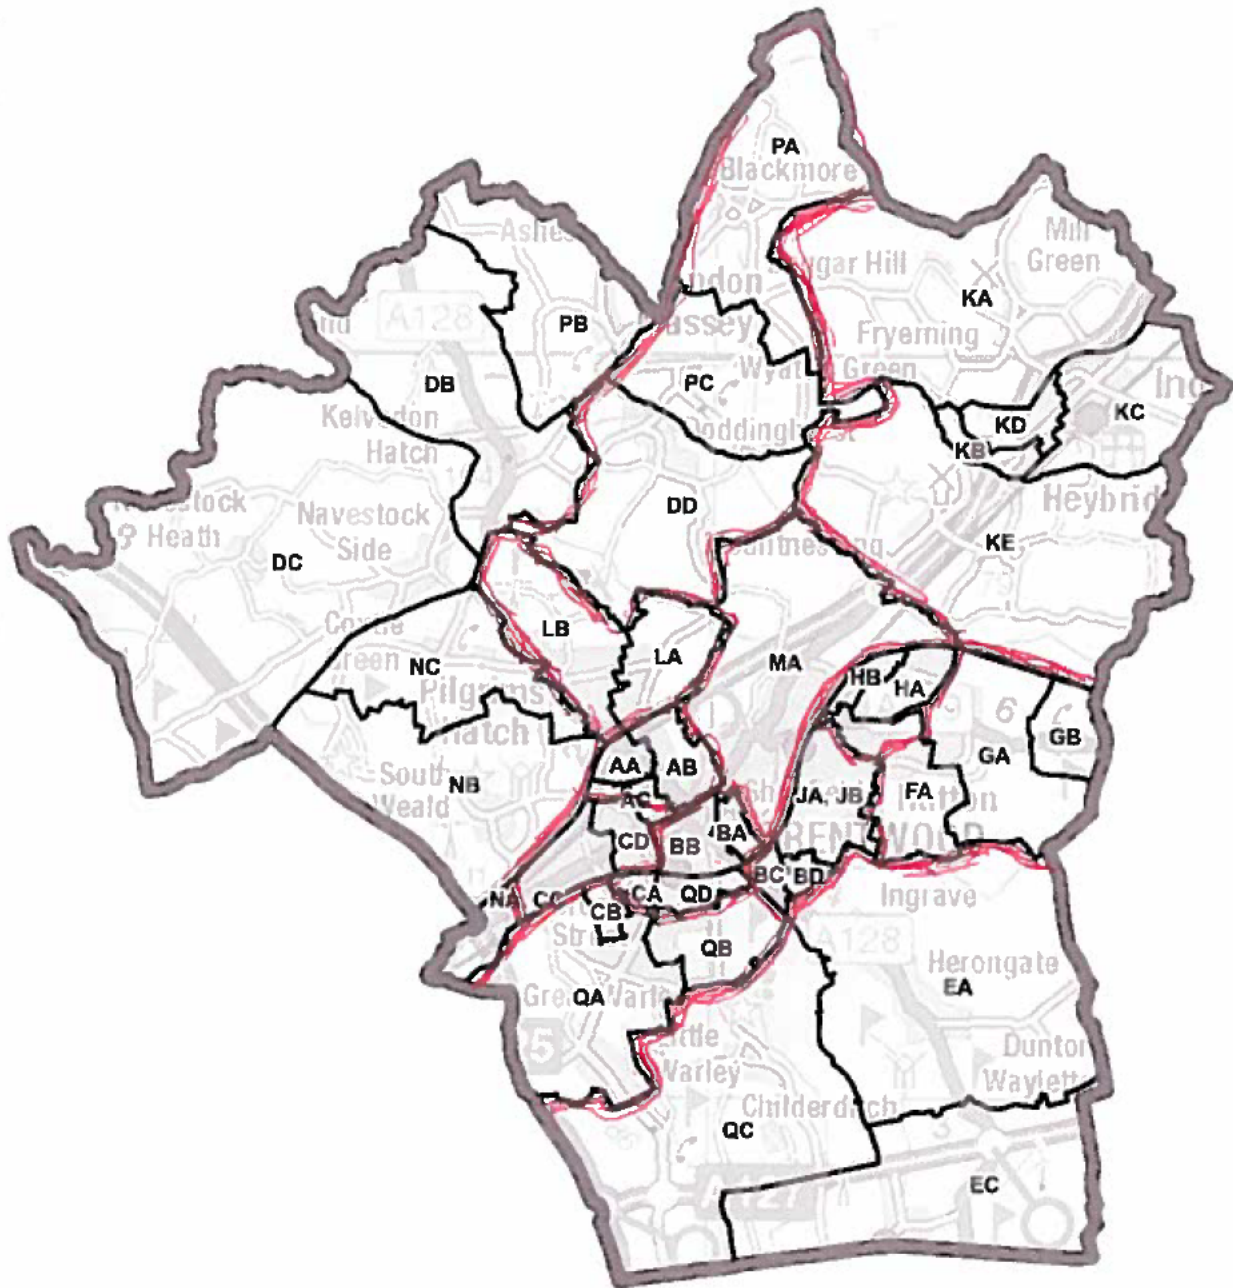

For St Charles, I have transferred the within Hutton way, Western Road, High St and part would Rd to Brentwood West, leaving the rest of AC in Brentwood North. With regard to Hutton, most of FA2 sheet goes into Hutton North, with FA1 into Hutton East. Basically, Hutton Central ward disappears.

The current Hutton South has only a pedestrian link (Heronway - Hutton Mount to Hanging Hill Lane (Thriftwood PD)). I have sought to remedy this by including house numbers 120-154 Hanging Hill Lane (up to Ridgeway - Hutton Mount) + long meadows, which will create a road link between Hutton Mount and Thriftwood PDs. To offset this electorate loss (St Martin PD) for Hutton East ward, I propose transferring a similar number of electors on SW side Hutton Drive (Canvass seats FA2) odd numbers up to 105 to Hutton East. This will create another connection between east Hutton Drive and its estates with the poll's estate and Hall Green Lane / Park Avenue area, which will also be part of Hutton East ward with this link included I believe all proposed wards have suitable internal road links between various communities.

Polling Districts BC + BD (Three arches + Thrift Park) have been placed in with Hutton South. They lie (like Hutton) east of the railway dividing Hutton from Shenfield and for the most part east of the A128, roundfield Lane being an extension of Hanging Hill Lane.

Yours Faithfully,

Woking BC
