Subject: Re: Paddock Wood East and Paddock Wood west re-alignment

Categories: [REDACTED] Submissions

I believe you are open to comments about proposed changes to councillor representation.

What is the point of splitting these 2 PW areas just save on 1 councillor? How can the developments in Paddock Wood - the largest town in the area outside Tunbridge Wells itself - be looked at as a cohesive whole if part of the single growing town has no official communication with its other half? It is a completely 'nonsense' idea and should be rejected at all costs. At this crucial time in its development Paddock Wood must have a united outlook for the whole town 'under one roof'.

Yours sincerely,

[REDACTED] (Paddock Wood resident)
