### Comment text:

I live in Tutsham Way Paddock Wood TN12 [REDACTED] and have done so for. Approx 30 years during which time this area has come under Paddock Wood West, why now is the proposal to move us to Capel, I live approx 300 metres from Paddock Wood town centre so I do not see why I should suddenly come under Capel and therefore I must object to this proposal, also thousands of houses are being built in Paddock Wood so why reduce the number of councillors in this area as surely they should be increased in numbers to allow for the increased numbers of residents that will be living in these houses, I would also add that to date we have seen the Police house be turned into private housing, we also still have the same number of schools in Paddock Wood plus the land in commercial road that could have been used to improve the high st / commercial rd has now gone for more private housing so other than the overdue community centre being built in the park there would appear to be no improvements in infra structure to support these 1000s of houses and now you want to reduce the number of councillors , it all seems to be going one way to me and that is downhill!!!
