Dear Review Officer,

I feel strongly that Rusthall should retain its indepence and not be joined to another ward in the forthcoming boundary changes.

We are a thriving community here with our own Parish Council, we have a village school, 2 churches, our own magazine, a yearly bonfire and fete organised by hard working local committees. Our High Street is full of busy shops and we have an excellent bus service. We also have our own community cinema held in one of our village halls and a weekly lunch club for the over 60s. We have the Rusthall Larder - a weekly food bank.

We are separated from other villages by our lovely common, woodland, green spaces and the A264.

Our local councillors are often hard working residents of the village who have local knowledge. So please do not absorb us into a larger ward, this would be very detrimental to our village.

Yours faithfully
