

## Cannock Chase District Council

### Personal Details:

**Name:**

**E-mail:**

**Postcode:**

**Organisation Name:**

### Comment text:

Strongly support maintaining the current boundary and number of councillors. It is vital to recognise that in order to create and maintain community cohesion that the "village" remains separate from neighbouring areas. The village has grown exponentially over the past twenty years with an influx of people from outside the village but the village's ethos of community engagement and friendliness has helped to make all feel part of this community.
