I am opposed to the new draft boundaries for Old Town and Pin Green. The Old Town housing from Grace Way to Old Town High St are far more akin to the housing down to Fairview Rd and than north of Grace Way. The heritage of Old Town Streets such as Alleyns Rd will be in danger if combined with a high percentage of New Town style housing which has very different needs. To have roads between Walkern Rd to Sish in different wards will also impact the community and heritage of the Old Town. This area has a distinct appearance and community very different to the Pin Green area. I also have concerns regarding resulting representation due to the proposed new wards.
