My understanding is that part of Bedwell Crescent could be added to Pin Green rather than stay in Bedwell. The northern area of Bedwell Crescent includes the Parish Church of S Joseph, Bedwell, and S Vincent de Paul School in Bedwell. In addition it is logical that Bedwell Crescent remains in Bedwell. It is not clear whether all or part of the Millennium Wood (previously known as Whomerly Wood) would remain together with Monks Wood. The whole area of woodland is one ancient woodland and should remain so. Logically if a new Ward is needed then the whole of the Town Centre should become one Ward, together with those parts of the New Town which have been absorbed into the old Town. In addition to the current extensive housing there are at least four sites under construction providing extensive new housing, making the amount of accommodation in the Town Centre enormous. This new Ward could include the Parish Church of S Andrew and S George (the Civic church) together with the new proposed Leisure Centre. Thus if Bedwell is to be reduced it would be better to absorb that part of Bedwell closest to the Town Centre rather than at the top nearest to Pin Green.
