Comment text:

Leave the Old Town ward as it is. People have moved to an area for a reason. You cannot start including parts of the retail park or New Town in the old Town ward it's ridiculous and only serves a political purpose, not the wards original purpose which as the name suggests OLD TOWN is to cover the area that existed before the arrival of the New Town. Stop meddling in things that someone in a remote office who doesn't know the area cannot understand.
