

## Wokingham Borough Council

### Personal Details:

Name:

Organisation Name:

### Comment text:

Considering the vast increase in new housing in Arborfield and other proposed developments to the south of Nine Mile Ride in Finchampstead (Warren Lane etc) the population of the Finchampstead wards will increase considerably more than suggested. To offset this imbalance, already noted in your estimates, part of the Finchampstead South Ward could be incorporated into the Finchampstead North Ward. I propose moving the boundary to run along the Nine Mile Ride to the west of California Crossroads this would also have the effect of moving the area more in line with the existing parish boundaries. There would also be more focus of the councillors for Finchampstead South on the old Finchampstead Village which often gets ignored / poorly represented by the more urban Wokingham Council.
