Comment text:

The current boundary between Hillside ward and Shinfield North is illogical, confusing to residents and cuts across the natural community of Ryhill Way and the closes which join it, including Wilsford Close. All the houses in this area were built at roughly the same time as part of the Lower Early development belong to the same community, with characteristics and interests different to the older areas of Shinfield. They should all be in same ward, and part of the Earley Town Council area, rather than the more rural Shinfield parish.
