### Comment text:

Shinfield South appears to be a large ward. With growth projected to hit near to 10000 only 3 councillors seems to be under representative judging by approx 2500 per 1x Council member. Suggest adding a Councillor for this ward. This could be done by merging Shinfield North (small ward North of m4) with South to create Shinfield. Alternatively cutting Shinfield South into 2 along the a33 could reduce number of persons per Councillor but I do not know the population within the ward West of the a33.
