### Comment text:

St George's should be expanded slightly to include the Northern part of Manor Road, giving a clean line between the housing and the Manor industrial estate. The St. George's border at the south end of Rushbottom should be moved to Kennington Avenue or as far as Waverley to square off the ward, so that all the Tarpots Shops on the North side of the A13 come under 1 council ward. Both these measure will reduce the St Peter's ward slightly as it is currently larger and more populated than St. George's Ward.
