When i personally purchased a property i chose the ward Church Langley because of its ward, community and environment, style of houses and amenities. I know its just a name but a name has an identity and it attracts people from all areas into the town. Newhall, Church Langley, Potter Street are all connected. Harlow is definitely one big community but to change ward names now is a waste of time...please look at the physiological and psychosocial effects before making this a tick box exercise. Personally, I would not change any names because it will have a negative impact so instead develop what needs developing and keep what is attractive. This piece of work needs far more research!!
