Comment text:

St Nicholas ward had the roads of Lincoln road , Winchester close and Salisbury road taken from the rest of the ward at the last review , the people on this road very much think themselves part of st Nicholas , and contact the st Nicholas councillors to sort out problems , and yhe change in this took the park of st Nicholas out of the ward a into Woodfield, depriving st Nicholas of the pavilion in the ward , also the chrysalis park was put in the st Nicholas ward , the people of this area DO NOT consider themselves as part of St Nicholas and prefer to think of themselves as part of martins wood ward , as their children go to school in the ward of Martins wood and their bus service connects to martins wood . However the people of the Dupont flats (a new development) are happy to be stay in st Nicholas, Also Iona close also believes it's self to be part of st. Nicholas as it's entrance Is in Canterbury way which is in St Nicholas ward , the people of St Nicholas were bewildered by this decision and very angry after the last boundary review .
