Organisation Name:

### Comment text:

Discussions should be had with Stevenage Borough Council, North Herts District Council and East Herts District Council, as well as with Hertfordshire County Council to get everyone on board with the idea of having the new development attached to Stevenage, such as the existing Great Ashby, as well as the future Stevenage West and Gresley Park, actually be under the control of Stevenage Borough Council. It doesn't make sense for these new developments to be physically attached to Stevenage and use OUR road networks and OUR public transport, but then be controlled by NHDC and EHDC.
