

South Staffordshire District Council

Personal Details:

Name: Keri Lloyd
E-mail: [REDACTED]
Postcode: [REDACTED]
Organisation Name: Friends of Bilbrook

Comment text:

I am the Chairman of the Friends of Bilbrook a conservation group based in Bilbrook. I would like to see Bilbrook's boundary be more centred around the village. Currently it is fragmented between an area directly around the centre and a large proportion closer to Coven, in a sine wave shaped area. From a geographic and therefore conservation point of view, it would be better to see Bilbrook's boundary take in some of Codsall's area to the South West of Bilbrook, (area West of Birches Road) some of Coven's boundary to the North of Bilbrook (North of Moat Brook) but relinquish Bilbrook's Eastern area to Brewood and Coven Parish. Brewood and Coven's boundary is quite large, but consists mainly of small villages. Bilbrook is expanding rapidly with hundreds of houses, and therefore voters, increasing. A lot of green belt is disappearing and so any conservation work we undertake is made more difficult as we have to deal with 3 parishes.
