Comment text:

Pattingham and Patshull Ward boundaries, South Staffordshire, node 27826 We are concerned that Pattingham and Patshull residents will lose their voice if the proposed changes mean we are put together with a Ward with a larger population where our particular needs can be side-lined by those of the larger centres . There are other villages of similar size to ours in South Staffordshire that we could be linked with to achieve the desired representation numbers. This would give a more uniform characteristic across the Ward, reducing potential frictions. it would also separate and better reflect the diversity of needs from smaller and less heavily populated areas to those from the more densely populated areas.
