i feel it is extremely important to keep Glenfield separate from Leicester City. Our boundary is of great importance. I would not like to see any more land being taken for housing, especially as there are many properties in the city left abandoned which could be converted for housing. Blaby itself appears always to get priority. Glenfield residents have expressed the very real need for a graveyard as St. Peters is full and has been for many years. Old residents want to stay near their love ones. Also I hope larger lorries could be diverted from the village as many ignore the weight signs. Village life is important and to merge with the city would be disasterous.
