Comment text:

The financial cost to Blackpool residents of having to fund the nefarious activities of 42 councillor's is huge the vast majority of which neither live in or actually visit their wards on a regular basis. At present the ALL of the current Blackpool councillors who claim the maximum amount of allowances available, the majority of which are also receiving sizeable pensions or indeed welfare benefits PIP/DLA Reducing the number of elected representatives to, at the most, thirty (30) would seem to me to be more than enough. The removal of the role of Town Mayor, unelected vanity role, would again save the taxpayers of the town a fortune. The town does not need this nonfunctional position along with the expensive limousine, chauffeur, regalia not too mention ongoing expenses such as regular lavish junkets etc. As a concerned resident and taxpayer of Blackpool I hereby welcome any changes to reduce the current 42 councillors to less than 30.
