Organisation Name:

Feature Annotations

Map Features:

Annotation 1: Seems more logical that Winkfield and Cranbourne don't extend so deeply into Windsor area

Annotation 2: Also seems logical to unite North Ascot as the boundary actually divides the area by Ward, Constituency and Council.

Annotation 3: Never understood why Crowthorne is split in half and separated from Wellington College. Would seem more reasonable to keep this area together.

Annotation 4: Again, rejoining Sandhurst as one town would seem sensible. The remaining area would fit comfortable within the Finchampstead area.

Comment text:

The remaining wards seem to fit in logical/natural areas or communities.
