

Malvern Hills District Council

Personal Details:

Name: Paul Cumming
E-mail: paul.cumming@malvernhillsdc.net
Postcode: XXXXXXXXXX
Organisation Name: District Councillor Malvern Hills

Comment text:

I support the submission of Abberley Parish Council as being far more effective in meeting the three legal factors behind drawing new boundaries. The villages proposed have current links between their communities that have existed over many years with integrated local services and community involvements as well as a common interest due to the tendency to gravitate towards the Wyre Forest for urban services, rather than Worcester. Geographically they also blend into each other and share the same issues in terms of planning and associated considerations. From my discussions, local residents generally are in agreement with the views put forward by their Parish Councils and consider the Abberley proposals to be a sensible outcome.
