[REDACTED] [REDACTED]

Hello

My name is Billy Rackley and I've lived in Wisbech for 30 years. I am a Wisbech Town and Fenland District Councillor.

I am writing to say I support FDCs proposal for 42 councillors to be made up of certain wards, which they explained

I really like the idea of "North Ward" . I have looked at the map of that proposed ward and it seems virtually identical to the old ward before the last reorganisation. The community have called it north ward for the 30 years I have been here and still call it that. I have been trying to change it back to that since I got elected as residents in the community have been telling me they still feel it is north ward and always will be and they are proud to say they were born on the north ward.

I also think the new 'wisbech Leverington' is a good idea. Wisbech and Leverington are so close to each other, they run in to each other- some parts such as horseshoe terrace are in Leverington but most people locally would say that area is Wisbech, particularly since how close it is to the Wisbech schools and shops.

Thank you

Billy Rackley
