Comment text:

The Marlow Society objects to the draft changes as they stand regarding the Little Marlow and Flackwell Heath ward. The area between Marlow and Bourne End to the east of the A404 has become increasingly urbanised in recent years and is likely to become more so in the next decade. The parish now has more in common with Marlow, Bourne End and Flackwell Heath than the largely rural areas of the proposed Chiltern Villages ward, and is put very much on the periphery of the proposed ward. The society believes that splitting the parish in two between east and west will be extremely detrimental to the interests of the parish council which has always maintained a close and effective relationship with all the residents and numerous businesses contained within the current borders. Furthermore Little Marlow has enjoyed successful retail, business and political links to Bourne End and Flackwell Heath for centuries, and it's clear to us that the review risks disturbing a logical and coherent structure.
