Postcode:

Organisation Name: Cornerstone Community Centre

Comment text:

I am Company Secretary of Cornerstone Community Centre a charity and the only Community Centre in the Brunswick Ward of Brighton and Hove. This is a densely populated ward, with a large number of HMOs, much depravation and hostels for the homeless. On behalf on Cornerstone I object to the Brunswick and Adelaide ward being subsumed into Regency and the madness of that new ward straddling two constituencies, blurring the boundary between Brighton and Hove. This Community Centre, sharing the St John's property has served the community for 29 years. I feel Cornerstone would lose some of its unique identity and ability to serve those around it. Right now we are operating a food bank, the only one this side of Hove. The densely populated area needs councilors who can focus on the issues in this Hove area and not be distracted by issues which drag them into Central Brighton. We feel the proposed change ignores the historical significance and identity of Brunswick, which Cornerstone sits in the heart of.
