### Comment text:

At present the ward of Beaconsfield has illogical boundaries. Part of the town of Beaconsfield (part of the Old Town) is divided so that part of it is in Beaconsfield ward and part is in Gerrards Cross Ward. This is illogical - our parish church (St Mary's), our rugby club, our market, our cricket club all just fall outside the ward of Beaconsfield! This should be amended so that Beaconsfield ward includes all of the Old Town down to the M40. Also, the ward should include the Knotty Green area and all of the Seeleys Estate as the residents of Knotty Green and the Seeleys Estate identify as living in Beaconsfield and the boundary is a random line across Penn road near Disraeli Park.
