Hello  
[REDACTED]

It's come to my attention that there maybe a parish change. We moved here may last year the community have been amazing. The community being longdon Queenhill and holdfast have helps us settle in, we have a what's app group where we inform each other of news,floods, power cuts etc. lost dogs!! Apparently we have been a parish for 50 years. It seems very sad that we will be joined with parish the other side of the very big river. we have nothing in common, it would split our community up for sure.

I don't pretend I understand politics and changes but I do know I'm part of a lovely community and it would be very sad to see this split up.

Sincerely [REDACTED]
