Comment text:

I agree wholeheartedly with the proposal to link Ripple across the river with Holdfast and Queenhill. This combines rural areas with similar issues. It also restores the historical Parish of Ripple. The ferry in Uckinghall used to link the two areas and was the coffin route to the Church in Ripple. We have more in common with this area. WE ARE A GROUP OF SMALL HAMLETS & VILLAGES - NOT A TOWN! I would object strongly to being joined to Upton as they are a suburban centre with a different outlook.
