**Subject:** The proposed changes to the Longdon Queenhill and Holdfast parish boundary

**Categories:** [REDACTED]

As a resident of Longdon, I am writing to stress my concern over the Boundary Commission's proposal to remove our neighbours in Queenhill and Holdfast from their current parish, and to align them with Ripple. As the crow flies, they may seem to be neighbours, separated by barely a mile. Unfortunately, the River Severn lies between them, and simply to travel to vote and back would entail a round trip of nearly 14miles. Please can you advise how this proposal can be in any way advantageous to the members of the parishes concerned?

Regards
