[REDACTED]	[REDACTED]

### Organisation Name:

### Comment text:

One of the main arguments for a Unitary authority was that it would save money. With the number of councilors currently sitting we are not saving money but spending more as it seems that people's salary has gone up because of "Greater responsibility". The number of councilors is way too high and needs to be reduced. It must be impossible to manage a council meeting with the number in the chamber.
