I wish to declare my support for the proposal to reduce the number of councillors on Buckinghamshire Council.

I understand that a reduction from 147 to, say, 100 would make a saving of 47 times £13,000 - a total of £611,000 each year.

Provided that the effectiveness of the Council would be maintained at its present level, I would support the reduction being made.

My postcode is [REDACTED]

With best wishes
