### Comment text:

I live in Hallow. I object to the proposed ward boundary changes for Hallow / Broadheath. The existing arrangements for Hallow work well and have done so for many years. I therefore do not believe that there is any benefit for the proposed changes where Hallow & Broadheath will be designated as a combined ward with 2 district councillors. This will result in split responsibilities for what are in effect 2 completely different villages. Additionally the existing arrangements fit well with the Hallow parish council boundaries. In conclusion, I believe that the proposed change can only be regarded as an unnecessary and unwelcome change offering no benefit to Hallow residents
