### Comment text:

Grimley should be put with Hallow and Holt. Holt is approximately 1 mile away from Grimley and the same side of the road. The Prep School based in Grimley is called Grimley and Holt. Holt is so close to Grimley that logistically it makes sense to be together. I know that Holt think they are in a more countryside position but Grimley Parish includes Sinton Green and Monkwood which are also countryside hamlets. I also disagree with the district council going out to Tenbury which is miles away from the Grimley area. You can't expect District Councillors to do their job properly when there is such a wide expanse. All it does is make it impossible for the District Councillors to attend all Parish Council meetings, which we are already experiencing. Please include Holt with Grimley!
