### Comment text:

I am seriously concerned about the proposal to merge Upper Welland with Welland ward rather than Malvern Wells. My home address is Upper Welland Road, Malvern Wells. Most of the services we use are in Malvern Wells, the village shop, the rare bus, the garage, the Primary School and village hall. I'm told, that if this change goes ahead, that despite still paying a levy to MHT, I'll not longer be able to vote on MHT issues or have a concessionary MHT parking ticket, which I use extensively at the moment. In terms of housing infrastructure requirements Upper Welland is more connected and dependant on Malvern Wells. Welland is completely separated from Upper Welland and has no connection in terms of transport or requirements. I want to vote for a councillor who realises that Malvern Wells and Upper Welland are dependant, whereas Upper Welland and Welland are not. Please reconsider this poorly thought out change.
