### Comment text:

I wish to object in the strongest possible terms of the inclusion of Grimley Parish with Broadheath. Grimley has little in common with the issues associated with Broadheath. I would suggest that Hallow Grimley and Holt parishes are the totally natural fit. These three parishes share similar challenges in respect of the River Severn - flooding and pollution/sewage management. They are also linked by the A443 and the issues associated with through traffic. Holt and Grimley furthermore have several transboundary farms. Last but not least the church school in Grimley is Grimley with Holt and embodies both as the catchment area. I would therefore request that the current proposal for inclusion of Grimley with Broadheath is reconsidered and changed so that Grimley Holt and Hallow form a single Ward.
