We live at [REDACTED] between the university and Galgate. Previously for local voting we have been put in with the University which we didn't agree with. The students aren't long term residents and have very different views from the majority of local residents. We think the university should be a separate ward/parish. From your map it seems that we will now be in Ellel Parish and Ward which we are very happy with. We are classed as rural so it is more appropriate for us to be in a parish/ward that is mainly rural.
