Comment text:

Is there a reason why the Heaton with Oxcliffe Parish boundary "dog legs" through Grosvenor Park instead of going down Morecambe Rd (A586) There are also similar oddities in the Westgate Parish ward where houses or properties seem to be divided across boundaries. Also looking at the Lancaster wards, why are parts of Skerton West (Skerton being part of Lancaster) in Morecambe? And similarly why is there a part of Westgate ward (part of Morecambe) in Lancaster.
