Comment text:

I'm objecting to some of these changes. Specifically the Harmans Water, The Parks, and Bullbrook changes. I'm confused as to why The Parks is being changed from links to Harmans Water, to Bullbrook. I have lived in The Parks for almost 7 years and have no knowledge of Bullbrook at all. Harmans Water is easily accessed from The Parks, as well as having our catchment primary school. The Parks border is largely with Harmans Water. Bullbrook has very little border with The Parks, and what it has is separated by major roads and a railway line. Further - in the midst of a global pandemic, I was only today made aware of these proposed changes by a neighbour. I have seen no attempt by anyone to inform those who this will effect, with only a couple of weeks of this 'consultation' left.
