Comment text:

I have read the proposal & as a resident of Quelm Park, I would like to express my objection to the plan as detailed. Having moved to Warfield to be part of the community here, our daily activities, links and involvement all centre around Warfield (not Garth & Priestwood) & I therefore feel strongly that going forward we should continue to be represented by a Warfield councillor & that Quelm Park residents should not be separated out from our neighbours & fellow parishioners. We enjoy being part of the Warfield community & do not wish to be ostracised from the rest of the parish when it comes to councillor related matters. It also feels unfair that newer residents to the area will still be represented as part of Warfield, but part of the existing (thriving) community will not under these plans.
