### Comment text:

Hi, I live on Osborne lane and wonder why you have put us in Warfield east rather than Binfield and Warfield north? It's seems the boundary line juts out down our lane when I feel we should be within the same boundary as our neighbours at the top of our road. Why would you not keep the boundary line straight? This makes no sense to me. I hope this will not become an issue with school catchment as I will not be happy.
