### Comment text:

I am opposed to any changes to Bracknell Forest's new Ward Boundaries as (a) No explanation has been provided, or offered, on the reasons why the proposed changes have been discussed, and seemingly agreed in principle, prior to a consultation. That is not a democratic process. As far as I can see, change is unnecessary. (b) There is the potential for Gerrymandering and (c) In the Ward where I live, the councillor is elected and re-elected time after time because of her tireless efforts and hard work on behalf of us all. We would not want to lose her. Even if it is not the intention to change Ward Boundaries for the gain of one political party, any accusations and subsequent investigations of Gerrymandering would involve heavy cost penalties and use valuable police time.
