Moving Christchurch to be with Benwick, Doddington and Wimblington makes no local sense at all. Christchurch children attend Neale Wade in March; most Christchurch residents attend the Upwell Health Clinic; the hospitals used from here are King's Lynn and Addenbrookes. People shop in March, Downham Market and Wisbech. THESE AREAS ARE OUR LOCAL AREAS . NOT BENWICK, DODDINGTON AND WIMBLINGTON. It stands to reason that our needs here in Christchurch will not be the same as the local needs of the others in the newly planned group. I absolutely object to the changes on the grounds that they are obviously politically motivated, and bear no resemblance to any practical reality.
