Comment text:

Please note my objection to the changes to Parson Drove and Wisbech St Mary ward. There is a real sense of community across the existing ward of Parson Drove and Wisbech St Mary ward and this should be protected, especially given this is one of the key principles you have to take on board. I have been involved in organising quiz nights for both Parson Drove and Murrow village halls, who would take turns every month to host the quiz prior to Covid, which is being at looked at to be reintroduced. This demonstrates how close the two villages are. I have read Parson Drove Parish Councils comments from the first round of consultation and believe the points they have made are all valid.
