Comment text:

I would like to protest against the new proposed boundaries in the Gravesend draft proposals. I do not believe that the estate my street falls under 'Medbury Road' should be included in 'Denton'. Denton should remain on the other side of Derring Way; which is in actuality, the border between the two different areas. The housing estate on the other side of Derring Way should have its own distinct identity or be included in Chalk & Westcourt, however, it cannot be included in the same parish as Denton. My proposal is that it be given its own unique identity as Riverside or Hoplands; if not feasible then it be allocated within Chalk and Westcourt.
