Comment text:

A battle was fought which resulted in the forming of the Apley Castle ward to reflect the opinions and desires of the Apley Castle residents which differed from those in Leegomery. Merging these 2 wards again would be a backwards steps as Leegomery is larger than Apley Castle and their opinions would be dominant. To be fair to the Apley Castle residents who are very happy with the current situation and incumbent councillor the 2 wards should remain separate. One could take this proposal as a way to skew the number of councillors in preference of one political party.
