Comments received at Oakengates Town Council from local resident - [REDACTED]: I have lived in Ketley Bank for many years and I rely on Oakengates for all my needs. I shop here, I use the doctors here, and I go to the Senior Social at The Wakes Community Centre. I cannot believe that Ketley Bank is being moved to Ketley - there is nothing which ties these areas together. I never go into Ketley, it does not have any services which I use, and furthermore, I would struggle to even get there! I certainly couldn't walk across a dual carriageway, and the bus service from Ketley Bank to Ketley are awful! If the purpose of this is to improve democracy, then I can only say that I think this would damage this in Ketley Bank. There would be confusion amongst residents, and dismay from those who are so confident at accessing council services in Oakengates. Ketley Bank is the heart of Oakengates - they go hand in hand. Please do not split this community in half and rip the heart out of our market town.
