Having read the leaflet from our local councilor I am still in the dark about what effect on residents any boundary changes will have. Without further clarification of the impact of these boundary changes I suggest these exercises are akin to no more than "shuffling the deckchairs on the Titanic." Money is in short supply and this is surely cannot a priority at the moment. I live in Apley, ( ) and can state categorically that Apley has a very different "feel" about it to that of Leegomery.; indeed 95% of residents supported our splitting from LG in 2009. I would suggest that nothing has changed and that a similar poll taken today would yield a similar result.
